Mr. Alford then indicated that the Executive Committee of the Board had met, and had reviewed corporate governance issues, as well as another matter that Mr. Houfek would speak to later in the meeting. That concluded Mr. Alford’s report.
The Chair then called for the President’s report. Mr. Jordan asked that the Board look to his written report for details, a copy of which could be found at Tab 3 of the Board materials, and then called their attention to the following specific items: (i) he had met with the Director of JSTOR regarding the distribution of certain licensed materials to areas with poorer economies such as countries in Africa, (ii) interesting discussions were in progress with several potential partners on a variety of projects, and (iii) he was expecting several discussions along these lines at the annual IFLA conference which takes place in Quebec in August.
